PROJECTS

ClearAid — Founder & Developer *2026 – Present*

clearaid.acctechai.com

- Designing a free web app that converts college financial aid letters into a clear, side-by-side comparison of what each school will actually cost.
- Separates grants and scholarships from work-study and loans, since many aid letters count loans as "aid."
- Calculates yearly net price, total four-year debt, and estimated monthly loan payments after graduation.
- Building with React and TypeScript; using U.S. Department of Education College Scorecard data to benchmark offers.

LEADERSHIP & ACTIVITIES

Future Business Leaders of America (FBLA) — Member *Sewanhaka High School*

- Develops business, finance, and public speaking skills through chapter activities and competitive events.

Varsity Cricket — Player *Jamaica High School*

- Competes at the varsity level while maintaining a full AP course load.

COMMUNITY SERVICE
